TWO AMERICANS SAID TO
HAVE SUFFERED DEATH

State Department Notified—
Riots Followed Lynching of
Mexican in Texas

SAN ANTONIO, Nov. 10.—Advices
from Karger state that rioters in Mex-
ico City today attempted the life of
American Ambassador Wilson. The
dispatches gave no details.

STATE DEPARTMENT
GETS OFFICIAL REPORT

WASHINGTON, Nov. 10.—The state
department was officially notified to-
day that Mexican students tore down
and insulted the American flag in
Mexico City yesterday. The report
was made by Consul General Arnold
Shanklin. The message states that
the students paraded the street shout-
ing "Down with Americans," and
threatened the American consulate.

Wild Times in Mexico
WASHINGTON, Nov. 10.—Prompt
demand for reparation and an indem-
nity has been made on the United
States government by the government
of Mexico for the lynching of a Mex-
ican, Antonio Rodriguez, in Rock
Springs, Tex., on November 3.

DEMONSTRATION AGAINST
AMERICA IN CITY OF MEXICO

MEXICO CITY, Nov. 10.—A demon-
stration against Americans, which
began Tuesday night, continued last
night with increased violence. The
American ambassador, besides regis-
tering a vigorous protest with the
Mexican department of foreign rela-
tions, presented the facts of the out-
burst to Washington.

Assaults were made openly on
American citizens and the American
flag was insulted many times Tues-
day night. Last night stones were
hurled through windows in a dozen
American houses. An American flag
floating in front of an American
candy store was torn down by a
band of Mexican students this after-
noon and the Stars and Stripes tram-
pled and spat upon. The police saw
this outbreak and made no attempt
to prevent it.

MEXICO CITY, Nov. 10.—Troops
are guarding Mexico City as a result
of anti-American demonstrations be-
ginning yesterday and continuing
throughout the night.

According to unconfirmed reports
an unidentified American was lynched
in the outskirts of the city and an
American child sustained a fracture
of the skull when a street car was
stoned on Juarez avenue yesterday.

Three Mexicans are reported as
killed and injured when the troops
made a forced charge on a mob with
sabres this morning before the rioters
could be dispersed. The Mexican
authorities deny that they have any
information regarding the reported
deaths of Americans.

The demonstrations of the mob
were the result of indignation over
the lynching of a Mexican, Antonio
Rodriguez, at Rock Springs, Texas,
after he had confessed to the murder
of Mrs. Emanuel Anderson.

Feeling against Americans is still
intense. Troops are guarding many
sections of the city. Few children at-
tended the American school today be-
cause of the probability that the riots
would continue.

The police authorities were inac-

Southwest Corner Of
Broadway and Fourth
Bought by a Syndicate

A syndicate with G. E. Shriver of
Santa Ana as trustee, today bought
the southwest corner of Broadway
and West Fourth street from the Gil-
macher estate. The price paid was
\$32,000.

It was rumored on the street that
the property was purchased with the
view of making it the site for a new
bank to be started, in which local
and eastern capital would be inter-

ested. When questioned this after-
noon, Mr. Shriver said he had no
information to give out today. At
any rate it is stated that the corner
will be improved by remodeling the
one-story brick building now on the
corner.

The property has a frontage of
ninety-two feet on West Fourth and
extends south to the alley. The deal
was made through Cain & Wilson,
real estate agents.

DESPERADO SAINZ
IS NOT CAPTURED

But One of the Men Who Broke From
Jail Cought—Cervantes Bring-
ing Macias Here

Rosario Sainz was not caught. He
was not taken to jail at Ensenada or
any other place. He is still at large
somewhere in Mexico between the
border and Ensenada.

Alejo Macias was arrested forty
miles east of Tia Juana, and was turned
over to Officer T. G. Cervantes of
Santa Ana and Chief of Police Keno
Wilson of San Diego by officers at Tia
Juana.

At 1 o'clock this afternoon Cer-
vantes started from San Diego with
Macias in his charge. They are in an
automobile, and sometime this after-
noon Macias will be placed in the Or-
ange county jail from which he es-
caped on Oct. 16 with Rosario Sainz,
known as Sarco Sainz, the blue-eyed
murderer of Jose Machado.

That Sainz had not been captured
was stated to the Register over the
long distance telephone this after-
noon by Chief of Police Wilson of
San Diego.

"The Mexican officers were mistak-
en in the man," said Wilson. "They

told us that they had Sainz, when it
was in reality Macias that they had."
Reports from across the Mexican
line, coming through different sources,
misled the Mexican officers, who re-
ported the capture of both Sainz and
Macias to San Diego officers, who in
turn notified Orange county officers
on Monday night.

Macias was captured forty miles
east of Tia Juana through the good
work of Lieutenant-Governor La
Rogge of Lower California and George
Rodriguez, chief of police of Tia
Juana. Chief Wilson stated that the
Mexican officers are a square and ef-
ficient set of men, ready and anxious
to do their duty.

Rodriguez took Macias to Tia Juana,
and at that place under orders from
the Lieutenant-Governor the man was
turned over to Cervantes and Wil-
son. Everything was done legally.

When Macias returns he must ap-
pear in Justice Smithwick's court for
a preliminary hearing on a charge of
forging a \$30 check, passed on Tur-
ner's Shoe Store.

Arch Hoxsey Escaped Death in
Plunge of Baby Craft
to Solid Earth

BALTIMORE, Md., Nov. 10.—After
falling almost headlong from a height
of one mile out of the sky in the baby
Wright biplane, Arch Hoxsey yester-
day afternoon landed two miles from
the Hazelthorpe aviation field and es-
caped with a severe shaking up. The
little craft in which Ralph Johnstone
at Belmont Park smashed the world's
height record by soaring to the alti-
tude of 9733 feet, was totally wrecked.
When Hoxsey had the accident he
was making an attempt to better
Johnstone's record by flying to the
height of 10,000 feet.

PROBE OF STEAMSHIP
TRUST TO CONTINUE

NEW YORK, Nov. 10.—The Con-
gressional probe into the world-wide
steamship trust, which has been
quietly going on for some time, will
be continued in this city November
28. The principal aim of the investi-
gation is to prove that the foreign
steamship companies are banded in
a great combination to prevent and
stifle ship-subsidy legislation, also to
prove that this gigantic trust is main-
taining a lobby in Washington to fur-
ther its aims.

May Attend Convention

LOS ANGELES, Nov. 10.—The spe-
cial grand jury investigating the
Times disaster reconvened today. O.
A. Tvietmoe, the San Francisco labor
leader, was the only witness. T-
vietmoe asked that his examination
be hurried to permit him to attend
the convention of the American Fed-
eration of Labor in St. Louis next
week. Earl Rogers, as special prose-
cutor, attended the hearing.

LIQUOR DEALERS' JOY IN
PROHIBITION DEFEAT

CINCINNATI, O., Nov. 10.—The Na-
tional Wholesale Liquor Dealers' As-
sociation of America have promulga-
ted a statement expressing its appre-
ciation of defeat at the polls of the
Prohibition forces in Missouri, Flor-
ida, Oregon, Idaho, Alabama, Utah
and other states in which the people
voted against prohibition. The state-
ment, which is signed by Morris I.
Westheimer, declares that the asso-
ciation will continue its fight for
properly licensed saloons as the sur-
est method to promote the cause of
temperance.

Johnson Holds Big Lead on
Revised Returns From
Over State

SAN FRANCISCO, Nov. 10.—With
state returns practically complete, it
appears this afternoon that Hiram
Johnson has carried the state by at
least twenty thousand.

Campaign managers are now hold-
ing post mortems of the vote, and are
prolific with reasons for victory and
defeat. Democratic leaders are unit-
ing in blame of the heavy Socialist
vote as the leading reason for Bell's
defeat. They claim six thousand nor-
mally Democratic votes from San
Francisco went to Wilson. They de-
clare that Los Angeles and San
Diego county Democrats also jumped
to the Socialist to Bell's disadvantage.
The vote was unusually defined on
sectional lines this year. San Fran-
cisco bay counties and Southern Cali-
fornia were marked Republican cen-
ters while the interior northern coun-
ties were Bell strongholds.

The San Francisco exposition bonds
carried by generally large majorities
in every section. The San Diego sea
wall and India Basin acts, carried by
smaller pluralities.

WALLACE LED TICKET IN
LOS ANGELES COUNTY

LOS ANGELES, Nov. 10.—With
twelve precincts missing from the to-
tal vote, Los Angeles gives Johnson
27,843; Bell, 21,384; Wilson, 9470;
Wallace, 29,332; Spellacy, 21,266.

San Diego County
SAN DIEGO, Nov. 10.—With ten
small precincts missing, San Diego
county's vote gives Johnson 4427;
Bell, 2830; Wilson, 1679. For Con-
gress. Smith, Republican, 4227; Ir-
ving, Democrat, 1624; Garrett, Social-
ist, 2595.

Sacramento County
SACRAMENTO, Nov. 10.—Returns
from all but one county precinct give
Johnson 5049; Bell, 5814. Three Re-
publican assemblymen were elected.

San Francisco County
SAN FRANCISCO, Nov. 10.—A fi-
nal canvass of San Francisco's vote
gives Johnson 25,505; Bell, 23,988;
Wilson, 9459. Wallace was beaten
by Spellacy by 28,582 to 20,201.

San Joaquin County
STOCKTON, Nov. 10.—Complete
returns from San Joaquin county
gives Johnson 3989; Bell, 3846; Wil-
son, 814; Spellacy, 3836; Wallace,
3721.

Congressional Figures
SAN FRANCISCO, Nov. 10.—Ap-
proximate returns from nineteen
northern counties show that the first
congressional district give Engle-
bright, Republican, 16,755; Raker,
Democrat, 14,075.

KILLINGS RESULT IN
OKLAHOMA ELECTIONS

MUSKOGEE, Okla., Nov. 10.—J. C.
McBrayer, treasurer of Haskell coun-
ty, was shot and killed yesterday by
A. L. Beckett, Judge of Haskell coun-
ty, as a result of the election yester-
day. Both men were Democrats. Mc-
Brayer had attacked Beckett with a
hoe. Beckett is in jail.

WESTVILLE, Okla., Nov. 10.—City
Marshal John Forbes was shot and
probably fatally wounded here yester-
day by Tuck Alberty, who sought
to prevent the officer from placing Al-
berty, his son, in jail for fight-
ing at the election yesterday.

WALL STREET BET OVER
MILLION ON ELECTION

NEW YORK, Nov. 10.—More than
a million dollars is known to have
changed hands yesterday in Wall
street in the settling of bets on the
New York state election. William
Titus, a curb broker, placed about
\$250,000 and won for himself, in ad-
dition, about \$25,000.

William Marko, representing one of
the big exchange houses, handled
more than \$350,000. Fred Brooks was
stakeholder for nearly \$250,000. An-
other curb broker, Ray Goodwin, han-
dled \$100,000 and won \$20,000 on Dix's
plurality.

—T. M. Purdom will remain at his
store on the corner of Fifth and
Broadway, owing to the sale of the
Gilmacher block.

IOWA IS YET
REPUBLICAN

Re-elects Carroll in Spite of
Yesterday's Prediction—
Election Returns

WASHINGTON, Nov. 10.—Revised
returns all over the country indicate
that the Republican majority in the
Senate will be cut from twenty-six to
ten. On the face of the present re-
turns the Democrats gained eight.
The Senate will stand: Democrats 41,
Republicans 51.

WOMEN WILL VOTE IN
WASHINGTON STATE

NEW YORK, Nov. 10.—The victory
of the suffragettes in Washington yes-
terday, when the state adopted by a
vote of 2 to 1 the constitutional
amendment giving women full suf-
frage, will be celebrated by a monster
meeting of all suffrage societies at
Cooper Union tonight. Women can
now vote in five states, the other four
being Colorado, Wyoming, Idaho and
Utah.

COLORADO
DENVER, Nov. 10.—Fairly complete
returns show that practically the en-
tire Democratic ticket, headed by
Shafroth for governor, was elected.
The state will have two and possibly
three, Democratic congressmen.

NEBRASKA

OMAHA, Neb., Nov. 10.—With but
62 per cent of the total vote of the
state received the election of Ald-
rich, Republican, for governor, over
Dahman, Democrat, is conceded by
from 12,000 to 15,000.

Maguire, Lobeck and Latta, Demo-
crats, were elected to Congress.
In the fourth, fifth and sixth dis-
tricts, Sloan, Norris and Kinkaid, all
Republicans, are elected.

Norris and Sloan are insurgents
while Kinkaid is a regular. All the
Democratic congressmen are for
Champ Clark for speaker.

IOWA

DES MOINES, Nov. 10.—Complete
unofficial returns reverse the pre-
diction made on the early results, and
make it evident that Governor Car-
roll, Republican, was re-elected by
15,000. His greatest support was in
the rural precincts.

Senatorial Outlook
The following gives the politics of
Senators whose terms expire next
March, and the political complexion
of the state legislatures which will
name their successors:

1910 Census Gives Population
of 319,198—Per Cent of
Gain is 211.5

WASHINGTON, Nov. 10.—
According to official census re-
port, given out last night, the
population of Los Angeles is
319,198, as compared with
102,479 in 1900, and 50,395
in 1890. The increase from
1900 to 1910, therefore, is
216,719, or 211.5 per cent,
compared with an increase of
the preceding decade of 52,084
or 103.4 per cent.

By her marvelous growth Los An-
geles has become the 16th city in size
in this country instead of 37th as in
1900. The following cities, given with
their population and per cent of gain
in ten years, exceed her in population:

New York	4,766,883	38.7
Chicago	2,155,233	28.7
Philadelphia	1,549,068	19.7
St. Louis	687,029	19.4
Boston	670,585	19.6
Cleveland	560,663	46.9
Baltimore	558,485	9.7
Pittsburg	533,905	18.2
Detroit	465,766	63.0
Buffalo	423,715	20.2
Milwaukee	373,557	31.0
Cincinnati	364,463	11.8

SIXTY-FIVE DEAD
FROM VICTOR MINE

Returns This Morning Show In-
creased Death Roll in Colo-
rado Disaster

TRINIDAD, Colo., Nov. 10.—The
death list resulting from the Victor
mine will probably be sixty-five. Fifty-
one bodies had been recovered by
daylight today. Eighteen were re-
covered alive and fourteen are missing.
These are believed undoubtedly to
be dead. Twenty-two bodies were
found piled in one heap, apparently
overcome by afterdamp.

R. A. Kagia, a Japanese stoker in
the mine, during the disaster, saved
a dozen lives, leading the miners
through unfamiliar tunnels to an
exit.

LABOR COMMISSIONER
TO TAKE DRASTIC STEPS

May Compel Companies to
Show Books to See if They
Can Pay Wages Asked

NEW YORK, Nov. 10.—The union
coal wagon drivers struck today and
it is predicted that before nightfall
the city will be in the throes of a
gigantic teamsters' strike. A call
for a mass meeting of all unions in-
volved is issued for tonight. Union-
ists say the final vote on the question
that has kept the city in a turmoil
for two weeks will be taken then.
A fuel famine already threatens
New York as a result of today's hap-
pening. Prices are expected to soar
as a result.

The union leaders this afternoon
stated that they have abandoned any
hope of securing arbitration, and re-
gard a general strike as certain. De-
livery and garbage wagons, and
trucks of all sorts will be affected.
Citizens and the commercial bodies
which have been trying to secure a
settlement, redoubled their efforts
this afternoon. They tried to gain
the promise of labor leaders to delay
the general strike, but the request
was refused.

The express companies met May-
or Gaynor's orders that no drivers
except those holding a license be em-
ployed, by applying for three hundred
licenses to be distributed indiscrimi-
nately among the strike breakers.

State Commissioner of Labor Wil-
liams has issued a second statement
declaring that if the companies con-
tinue to refuse to arbitrate, he will
invoke a state law permitting him to
examine their books, to see if the
companies are financially able to pay
the increased wages demanded by
the strikers.

The drivers of three wagons were
arrested today because they did not
hold a license. The strikers look
upon today's events as a distinct vic-
tory.

A. U. W. Co. Directors to Meet
S. A. V. I. Co. Directors to
Talk Over Plans

ANAHEIM, Nov. 9.—A regular meeting of the Board of Directors of the A. U. W. Co. was held Nov. 5.

The matter of preventing overflow water from damaging cement pipe and washing into county road at Wintner's corner, was referred to the ditch committee for investigation.

The complaint of stockholders concerning damage to property on account of water being turned into the North Branch Ditch when same was not in proper condition for it, was referred to the superintendent with instructions.

The ditch committee was granted further time to overcome the difficulty of disposing of waste water at O. H. Schumacher's property.

A communication was received from the California Domestic Water Co. of Whittier, requesting information regarding irrigation systems. The letter was referred to the secretary to answer.

A communication was received from C. C. Chapman regarding the new system of measurement of water, and calling attention to the waste of water from the North Branch ditch. The communication was placed on file.

A request was received from the Janss Investment Co. for information regarding the cemented inlet ditch to the Yorba reservoir, and the width of right of way for same. The secretary was instructed to give the desired information.

Application was received from Wm. Crowther for the privilege of re-renting land adjoining pumping plant No. 2, on the same terms as formerly. On motion the application was granted.

A motion was carried that Superintendent Porter confer with the Superintendent of the S. A. V. I. Co., and Engineer Kellogg, regarding the matter of protecting the pumping plants of the two companies at the river, and that the secretary notify the S. A. V. I. Co. accordingly that such a meeting was desired, in order to come to an agreement satisfactory to both parties.

Mr. Henry Baert was given permission to change the route of the ditch through his property.

REALLY CURES BAD STOMACH

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes Later

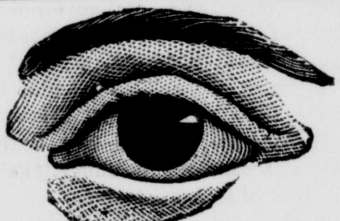

—If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headache, biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapiesin will regulate any out-of-order stomach within five minutes and digest promptly, without any

Our Washington Letter

WASHINGTON, Nov. 10.—Soothing murmurs arose from the waves gently breaking on the shore and there was balm in the breezes wafted over the sea, while Albert W. Brickwood, Jr., United States consul at Tapachula, Chiapas, pondered as to what service he might render his people. Commercially and politically things were quiet round about Chiapas and he realized that attention in the United States was more or less devoted to baseball, airships and politics. Yet he fain would add to the gaiety of the situation.

"By all the coconuts in Tapachula," he exclaimed at last, "I have it! I'll tell them about the marimba."

Heretofore no wandering agent of the government ever came up with any marimba, in its wild or domestic state, or, if so, he failed in his public duty to report thereupon.

Fearless of the marimba and cognizant of its haunts and habits the consul at Chiapas has filled the gap in the records. These are his words: "The marimba is said to have been found in use among the Indians when the Conquerors arrived. It is at the present time in use among the Indians in Chiapas and through the southern regions of Mexico; also in Guatemala. It might be compared to an enormous xylophone, but with the metallic sound absent, being made entirely of wood, the body, which rests on four legs, constructed of cedar and the keys of horniguilla wood, graduated strips of this latter reproducing the different notes, the tones softened and resonated by sounding boxes underneath, sized according to the low or high notes; gum is used for joining the wood, wooden strings for holding the loose wooden keys on top, and the small vibration holes at the bottom of the sounding boxes are covered with pigskin to hold it in place.

"The marimba is played by four men, who strike the keys with what might be likened to diminutive drumsticks, made of hard wood and tipped with rubber. Many of these men play in a masterly style that astonishes and charms the unaccustomed listener. The tones produced are somewhat similar to those of the harp, and the arias rendered are often indescribably sweet and emotional, most of them native compositions, resembling in character the plaintive music of Andalusia."

Here is a true story of a freight

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change. Ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

rate fight of two years which ended in an empty victory.

Two years ago the Interstate Commerce Commission lowered the rate on five classes of freight from the Atlantic seaboard to the cities situated on the Missouri river from three to nine cents a hundred pounds.

Railroads appealed to the courts to prevent the reduced rates from being enforced.

A few days ago the Supreme Court of the United States sustained the enforcement of the low rates on the ground that they were legal and reasonable.

It looked like a big victory for the Missouri river people, but the fact developed that the time limit of the reduced rates expired two days before the court announced its decision.

The Interstate Commerce Commission is authorized to fix rates for no longer than two years. In the Missouri river case the entire period was devoted to fighting in the courts. So the people interested, to get relief, must file a new complaint. If the commission should order a reduction the railroads will find that the courts are still open.

The Supreme court decision upholding the commission's order of 1908, however, will bring some relief to the payers of freight charges. Officials of the commission said today that the railroads can be forced to refund the difference between the rates as fixed by the commission and the rates actually charged for hauling the freight. The obtaining of reparation, however, is a long and troublesome process. The claimant is required to file with the commission a detailed statement of every item of overcharge, and in case of opposition by the railroads, must defend his claim before the commission. All of this takes time and expense and only a big claim will justify it.

Dealers in real cotton recognize nine grades of the staple, but the New York Stock Exchange dabbles in thirty grades that are more or less mythical. Among experts there is not always agreement as to the grade of cotton in a bale, and to overcome these disagreements the Department of Agriculture has prepared samples of each grade that will rank as the official standard in transactions in real cotton. The grades were established through the co-operation of experts in and out of the department, and their distribution has been begun in order that the standards may apply to the crop season of 1910-11. The price of a set of samples is \$35, which is the cost of their preparation, and it must be imposed under the law.

Leading men in the cotton business both in this country and in Europe, who have seen the official grades have expressed themselves in terms of the highest commendation.

The grades are elaborately prepared and the integrity of each type is attested by a full-sized photograph secured in the box cover and bearing the signature of the Secretary and the seal of the Department of Agriculture. The permanency of the standard is to be secured by the preservation of 25 sets in vacuum to be opened as occasion may demand for purposes of comparison.

HAD LARGER CROP OF WALNUTS THAN EVER

R. B. Herman Used Scientific Methods to Keep Up High Standard

Anaheim Gazette: R. B. Herman is one of the few walnut growers of the county who report a larger crop of walnuts this season than last year, and he attributes this fact to abundant irrigation and scientific plowing under of cover crops. Mr. Herman irrigated his ten acre tract at every run during the summer, sometimes twice a month, sometimes once. He paid especial attention to plowing. In the early spring he plowed deeply, and later on in the season confined his operations to shallow plowing, so as not to disturb the root-feeders which lie near the surface of the ground. He was a successful farmer in Montana, and is proving his right to be so considered in Southern California.

The Tottering Political Machines

Another Masterful, Lucid, Political Article
By JUDSON C. WELLIVER

To understand politics you must read clear political articles. A great moral movement is progressing through this country today and finding its expression in the reorganization of political parties. But the movement is so big, that only a lucid political thinker can make it clear to you. Mr. Welliver is—from all points of view—the best political writer in this country today.

His twenty years' experience provides him with the necessary knowledge to make clear in his November article the situation of the political machines in every state in the Union, and give a marvelously accurate picture of the national situation, BOTH REPUBLICAN AND DEMOCRATIC. Read it in

BEACH CITY SUGAR FACTORY STARTS

Huntington Beach \$1,000,000 Enterprise to Make Improvements

HUNTINGTON BEACH, Nov. 10.—Engineers of the Holly Sugar Company are busy putting down test holes for the new million-dollar sugar factory. An order has gone in to the American Bridge Company of Pittsburg for the structural steel for the building. Timbers for the construction derricks are on the way from Oregon and are expected November 20. Instead of constructing a new electric line from this city to the factory, it finally has been decided to electrify the Southern Pacific railroad line, which already runs past the factory site. The plan is to run twelve cars a day for passengers between the city and the factory.

The company has just ordered 200,000 pounds of sugar beet seed for distribution among the growers. This will make five carloads of seed, which will come from Germany.

In order to accommodate employees, the Holly Sugar Company probably will build forty neat bungalows in the city.

FEET TIRED—SO TIRED

TIZ Makes Sick Feet Well No Matter What Ails Them

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.

It's the sure remedy, you know, for everything that gets the matter with your feet. It's for sore feet and for corns, callouses and bunions, too.

"For years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used."—A. F. Dreutzer, Chicago.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

JAPANESE POACH ON SEAL GROUNDS

"Manning" Reports Wholesale Slaughter of United States Property

PORTLAND, Ore., Nov. 10.—Officers in the revenue cutter service are firm in the belief that serious trouble is certain to come between Japan and the United States over the sealing question. Officers of the revenue cutter Manning, declare that wholesale slaughter and poaching by Japanese is going on along the three-mile limit of the Pribyloff Islands. The Japanese are declared to be operating under a subsidy granted by the mikado's government.

The Manning has spent the season cruising about the sealing grounds, in conjunction with the Perry and Bear and Tahoma, protecting them from invasion by the Japanese. Just outside the three-mile limit the Japanese had twenty-five schooners, one small boat and 816 men engaged in killing seals which wandered from the rookers. It is estimated that they obtained 5000 to 7000 skins.

The corporation having the islands leased from the American government secured about 12,000 skins, valued at \$40 each. During the season the cutters captured forty Japanese, who ventured over the line into American waters.

The seals are the property of the United States, which is recognized by all nations but Japan.

A TRULY GOOD NEWSPAPER

At last the good people of New York are to have a daily paper with all the bad and dangerous features eliminated, expurgated in fact. If present plans are carried out this great moral and educational force will be a replica in epitome of the Review of Reviews and the Literary Digest combined. It will be issued every afternoon and will contain the news of the world in tabloid form, with the most important of the day's happenings sufficiently featured to add a little zest. This news, be it understood, will be such as really concerns the progress of mankind and the old-time sensations will be so severely stripped of their yellow as to be safe from all danger of moral contagion. The emphasis will be placed upon all the higher thought, art, literature, the drama, education, civic, economics, etc., being the first page subjects, to the exclusion of the murder in Hooligan's Alley.

Another novelty will be the presentation of the editorial opinions of the leading papers and periodicals, without intruding any of its own. In this way the editor should be reasonably sure of getting some good stuff occasionally. It is needless to say that this publication will cater to a limited clientele in the start, but the genius responsible for the plan hopes to see the number of its readers grow with the years. This is not an entirely novel project, something of the same general nature has been tried in several large cities. If we may only judge the future by the past, there is little but disappointment ahead of this would-be public benefactor. It is to be hoped, however, that the world has advanced since the last essay at its betterment failed and that this philanthropic project may meet with the support and encouragement it richly deserves. The betting odds, however, are all in favor of the "pinks" and the "yellows."

WHERE PROTECTION IS NEEDED

Quite a number of the eastern papers are demanding that aviators be protected against themselves by the passing of stringent laws against the practice of their calling. It is true that a goodly number of them have been called to a final account of late, but the sacrifice is made in the holy name of progress, so how can the law interfere? There is one thing to be said for the aviators which cannot be said with justice for the gasoline car speed maniacs. They take their own chances and do not run about the streets knocking the life out of innocent pedestrians just to call especial attention to their brutality. For this, if for no other reason, we should be disposed to let the men birds suicide in peace.

NOT NECESSARILY DANGEROUS

Gen. Fred Grant says the aeroplane need not be regarded as a dangerous engine of war, as the sharpshooters would not allow one to get within a mile of the force to be attacked. The General failed to tell us what those sharpshooters would do after night when the enemy's airships were sneaking over in the darkness loaded to the gunwale with the most deadly explosives known to science. The new machines may not be as dangerous as was held on first thought, but there can be no question as to their destructive possibilities and they are not to be dismissed with a laugh, even by such distinguished authority.

Owing to the workings of the English law, Dr. Crippen will not hang until the 23rd inst., and that will give his attorney time to look up the murdered wife. She is said to be living near Chicago and to be keeping out of sight in the hope that the hanging will come off as advertised. If this proves to be a true statement of her wifely devotion the world at large will regret that the doctor was not really guilty as charged.

It is now reported on what is said to be the best authority, that the San Dimas quarry will be ready to run at its full capacity next week. This will

mean a very decided increase in the amount of crushed rock available for the Los Angeles county boulevards and should enable the contractors to make much better time with their work. While there is no desire to hasten the building of these roads beyond the limits of reason, their value during the winter months is appreciated and there is very general hope that a goodly portion may be completed before the heavy rains.

It is encouraging to note that Secretary Meyer is repeating in Washington what he said out here regarding the need of additional drydocks for the Pacific Coast. He seems to realize the vital importance of giving better protection to this section but an adequate fleet of battleships cannot be maintained here until docks are provided where they may be repaired in case of need. His earnest advocacy of these improvements will go a long way toward their realization, so we have gained very materially from his visit to the west.

Those who have been banking on cheap turkey for Thanksgiving because of the unusually heavy crop of birds in Texas this year, may just as well begin to work up a pot-roast appetite at once. The cold storage people have secured a corner on the Texas turkeys and they will not be marketed fast enough to influence the price, unless it should be on the ascending scale.

El Paso has been doing a little growing on her own account, according to the census figures. The population of that city is now 39,279, which is an increase of 23,373, or 146.9 per cent during the past ten years. So far as known there has been no thought of ordering a recount here, but everyone knows El Paso has been growing.

CAVALIERI NOT TO VISIT NEW YORK THIS YEAR

NEW YORK, Nov. 10.—It is learned here on good authority that Lina Cavalieri will not come to America this year. The famous prima donna, who is Mrs. Robert W. Chanler in private life, has canceled her engagements and has decided that she will be comfortable in Europe during the next six months at least.

Persons, prominent in New York music circles, believe Cavalieri has been frightened away through her unwillingness to brave the situation her presence here would cause.

Metcalf, former Secretary of the Navy under President Roosevelt, died at his temporary home in this city yesterday as the result of a general breakdown following an attack of pneumonia. Burial will be in Oakland, Cal., Saturday. He was educated in the University of California. While in college he distinguished himself as a star football and track man.

STRIKERS SEND AGREEMENT TO THE MANUFACTURERS

CHICAGO, Nov. 10.—Riots broke out afresh yesterday in the strike of the garment workers, following the hull during peace negotiations last week.

The agreement drafted by the Chicago Federation of Labor with representatives for the strikers, was submitted at meetings of strikers yesterday for ratification. The strikers concurred in its terms fully. The agreement specifies that the manufacturers shall employ union men only. Manufacturers have declared that under no circumstances will they operate closed shops.

HOW DIVINE KEPT PROMISE

Promises Not to Smoke Tobacco After Finishing Plug He Held in His Hand

The story goes that a certain divine, noted for his smoking powers, was sent for by the board of examiners just before his ordination.

"Mr. Blank," said one of the board, "your papers are excellent, but there is one thing we object to."

Blank asked what it was.
"You are addicted to the evil habit of smoking."

Blank explained that he saw no evil in it, but, taking a large plug from his pocket, said:

"In deference to your opinion, gentlemen, I promise you this. As soon as I have smoked the plug I hold in my hand I will cease smoking forever."

They were satisfied, and he was ordained the next day.

But as he refills his pipe he chuckles and tells you:

"I've kept my word. I've got that very plug yet!"

MEXICO CITY IS SCENE OF ANTI-AMERICAN DEMONSTRATION
(Continued From Page 1.)

tive in their attempts to suppress yesterday's trouble, but the sudden activity of the anti-government element today may force the police to act.

SAN ANTONIO HEARS OF REPORTED CASUALTIES

SAN ANTONIO, Nov. 10.—Mexican dispatches contain a report that an American has been lynched, and an American school child killed in anti-American demonstrations in Mexico City. The dispatch states that the anti-government element is seizing the occasion for outbreaks and more trouble is feared.

American headquarters of the Mexican revolutionary party claims to have positive verification that an American was lynched, and an American child killed in the Mexico City riots. It is claimed the city is in the hands of an incipient revolution, whose aim is to overthrow the Diaz government, and assert that the revolutionists are responsible for the outbreak, which was caused in order to create a blind behind which to gather their forces without police interference with the movement. They say it is a part of the struggle against Diaz, the American end of which was shown in the arrest of Gutierrez de Lara in Los Angeles, and the arrest and deportation of Mexican revolutionary suspects over the southern American border.

MATTER TAKEN UP BY DEPARTMENT OF STATE

WASHINGTON, Nov. 10.—Secretary of State Knox and the Mexican ambassador, de La Barra conferred today regarding the anti-American riots in Mexico. The ambassador assured Knox that his government would deal firmly with the situation, but demanded to know what America intended to do in punishing the Rodriguez lynchings. The state department evidently regards the situation as delicate.

Turner—Oh, yes she can; I've sent her a check for \$100.

Tittsworth—You sent her a check? What interested you in the case?

Turner—Why, I wanted to express my gratitude to her. She did me a great favor a short time before she was married to Hurts.

Tittsworth—What favor was it?

Turner—She refused my marriage proposal.

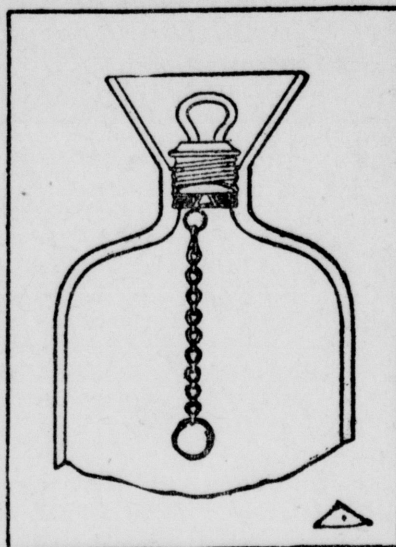

ARROYO SECO TO HAVE BRIDGE TO COST \$144,000

LOS ANGELES, Nov. 10.—The council yesterday approved the plan to construct a six-span ornamental concrete bridge across the Arroyo Seco at Pasadena avenue. The city engineer was instructed to co-operate with the county supervisors in the drawing of plans. The bridge is to cost about \$144,000 and to be constructed jointly by the county supervisors, South Pasadena, Salt Lake Railway Company and the city of Los Angeles, each to pay one-fourth.

Water Bottle Stopper With Chain Attachment.

An invention that prevents the mislaying of the water bottle stopper is shown above. Attached to the bottom of the stopper by a chain several inches long is a ring that is just too large to pass through the neck of the bottle. The chain is long enough to permit the stopper being taken entirely out of the neck of the flask, and, of course, the ring presents no obstacle either to the filling or emptying of the receptacle. This may be a little thing, but it is big enough to save many people the price of a new water bottle, which is what the loss of the old stopper means.

Sauces For Fish and Meats.

Roast Beef.—Tomato catchup, grated horseradish, mustard, pickles and tomato.

Roast Mutton.—Stewed gooseberries, caper, currant sauce.

Roast Lamb.—Mint, peas.

Roast Pork.—Apple, cranberry.

Roast Veal.—Onion, cranberry, mushroom, tomato, spinach.

Boiled Mutton.—Onion, caper.

Roast Turkey.—Cranberry, celery, plum, grape, currant.

Boiled Turkey.—Oyster.

Roast Chicken.—Currant.

Boiled Fowl.—Lemon, onion, jelly, cream.

Roast Goose.—Apple, cranberry, jelly.

Broiled Steak.—Mushrooms, fried onions.

Broiled Mackerel.—Stewed gooseberries.

Fried Salmon.—Egg.

Salmon.—Cream sauce, peas.

Pigeon Pie.—Mushroom.

Broiled Shad.—Egg, parsley.

Broiled Bluefish.—White, lemon.

Boiled or Baked Fish.—White cream or drawn butter.

Beef Croquettes.

Two pounds of boiled beef, three onions, three eggs, four tablespoonfuls of butter, four tablespoonfuls of flour and salt and pepper to suit the taste.

Chop the beef very fine, chop the onions, let them brown in a saucepan with two tablespoonfuls of butter and pour them in a large mixing bowl with the chopped meat, six boiled potatoes, peeled; also three eggs, salt and pepper. Mix all together. Divide into croquettes about four inches long and one and a half inches wide. Roll them in flour and let fry in hot lard. Serve with tomato sauce. This will serve five persons.

Brown Apple Betty.

Peel and chop enough apples to make one quart and have ready one pint of fine breadcrumbs. Butter a baking dish, cover the bottom with some of the apple, sprinkle with sugar, cinnamon and nutmeg, dot with bits of butter and cover with crumbs. Repeat until the dish is full, pour in half a cupful each of molasses and water, stand the dish in a pan of hot water and bake until the apples are very soft. If the pudding becomes too dry during the baking, add more water and molasses. Serve hot with cream.

Pickled Peaches.

Remove the skins from the fruit. Stick a bit of cinnamon and clove into each. To six pounds of fruit weigh three pounds of sugar and add one and one-half pints of vinegar. Make a sirup of the last two and throw in a few pieces of stick cinnamon. When boiling hot drop in peaches enough to cover the surface and cook till you can pierce the sides easily with a silver fork. When cold put in glass cans or small earthen crocks.

Graham Nut Bread.

Sift out and discard the bran from a quantity of graham flour. Then sift together three times three cupfuls of graham flour, one-half cupful of white flour, one teaspoonful of salt and three rounding teaspoonfuls of baking powder. Add one cupful of sugar, one cupful of nut meats chopped fine and two and a half cupfuls of milk, and mix the whole to a dough. Bake about half an hour.

Grape Frappe.

Four cups of water, two cups of sugar, two cups of grape juice, two-thirds cup of orange juice, one-fourth cup of lemon juice. Make a sirup by boiling water and sugar fifteen minutes. Add grape, orange and lemon juice. Cook, strain and freeze to a mush, using equal parts of ice and salt.

Are YOU Like JOHN?

John always earned a good salary—but he never saved a cent. One day he met with a serious injury—he lost his job, also his salary. Weeks of illness followed—he now was in debt. It caused him much worry and anxiety—then he got to thinking—if he had only saved a little, Friend Will kindly helped him—Will had shares in the Building and Loan. John got well—paid all his debts—now he, too, has shares. You bet! It pays to save even 50 cents a month in the Orange County Mutual Building & Loan Association of Santa Ana. Established 9 years—your money is safe. If you will drop me a card, I will call and explain our saving plan to you. Phone Red 3286, or address

BABIZE STUDIO OF MUSIC AND ART

Why not start the boy or girl in the beautiful study of music? There are no more interesting instruments to a young person than the ever popular mandolin or guitar. The mandolin is fingered exactly like the violin, and in fact is like a violin picked, and will eventually lead to the study of this, the king of instruments. The guitar develops the ear for harmony, and cannot help but be of great benefit to those who would later on desire to take up the study of piano. Surely it would be much better to start in this way, than to force the child to take up some instrument for which it at first has no liking. Come and talk it over and we will be glad to tell you more about it. We have the instruments at prices to suit every pocket-book, and studies that will at once interest and instruct the pupil.

Call any time at the Studio Music and Art Store, 415 North Main street, Arcade Bldg. Room 5.

Society

Hast thou a vision?
The best of thy service this day is demanding;
In the dawn of the world's greatest day thou art standing;
To thy best self be true,
Duty calleth to you,
For the storm and tide make provision.

Hast thou a vision?
Determine to know the full scope of thy powers.

And then, day by day, in the swift passing hours
Dare to stand like a rock,
Scorning tempest and shock,
Heeding not the cold world's derision.

Choir Rehearsal Put Off
The rehearsal of the Congregational church choir scheduled for tonight has been postponed as the director and organist, Allan Revill plays for the Sunday school convention tonight.

Plans Football Tournament
Ralph Noble, formerly director of athletics in Santa Ana High, but now of Los Angeles High, in a similar

capacity, is planning a Rugby football tournament. Eight teams from the football squad, each with a quota of seven men, are to engage in try-outs this week, the winners to participate in the tournament.

It is said that this is a new football stunt for this country, and has been adapted from England, where similar tournaments are frequently held.

Reception to Workers

Yesterday afternoon all the Sunday school workers interested in elementary work attended the reception tendered by the local union at the Congregational church. At the door the visitors were met by young ladies who presented each one with a name-card, hand-painted with orange blossoms and fruit. Mrs. W. D. Baker received at the door and all were invited to partake of fruitade and cake served by a bevy of High School girls. Mrs. Pierce and son furnished piano and violin music to add to the pleasure of the guests, and a very interesting display of handwork done by pupils of Southern California Sunday schools was arranged down-stairs. This exhibit proved to be of great interest, as it showed some of the practical work of primary and junior pupils. About 300 of the delegates were present at this reception.

Her Own Way

Ernest Phillips will produce "Her Own Way" next Thursday night, Nov. 17, at the Bell Theater, with a splendid amateur cast, and thus inaugurate what he hopes will be a successful season during which many similar plays may be given for Santa Ana people.

This undertaking is one that will undoubtedly receive most hearty support in this city, and the first effort is sure to demonstrate this fact.

PERSONALS

Horace and Mrs. Fine and daughter, are moving back to the Fine residence on North Broadway and expect to be settled at home again by the last of the week.

Mrs. John Taylor of Tustin spent a few hours in Los Angeles this forenoon.

Mrs. W. M. Sharp left this morning for Santa Monica where she will visit her daughter, Mrs. Harris-Taft till next Sunday.

H. Clay Kellogg was a morning passenger on the Los Angeles bound car.

Mrs. George Balderston was one of the morning visitors from Santa Ana to Los Angeles.

Mrs. Edith Lewey of Los Angeles was the guest yesterday of friends in Santa Ana.

Mrs. Lewton spent today in the city. Prof. J. W. McCormac lately visited Anaheim in the interests of the Orange County Business College, making friends there for his school.

Mr. and Mrs. C. H. Thayer of Anaheim have returned from a two or three months' visit in the extreme East, visiting principally in New York state, and they are very positively of the opinion that there is no place to live like Southern California.

O. J. Kennedy of San Diego, arrived here this afternoon for an overnight visit with relatives. He has just returned from a trip to the Northwest, spending several months there, and he is well satisfied with this "neck of the woods."

Miss Bessie Lowry left over the Santa Fe route this morning en route to Memphis, Tenn., for an extended visit with her father and brother and friends.

CONVENTION GROWS IN INTEREST EVERY DAY

(Continued from Page One)

convention theme "Lift up your eyes, and look on the fields; for they are white already unto harvest," and the motto of the big gathering: "Twentieth Century Evangelism." Ropes of smilax and ferns adorn chancel rail, choir balcony and the arches of the church and mingle with rich golden merigolds and stately chrysanthemums in decoration. "Old Glory" shows the patriotism of the Sunday School workers and everywhere are seen mottos of the Christian band.

Daisies and chrysanthemums, flags and bannerettes adorn the First Presbyterian Church where overflowing meetings are held in the evening, while greenery and flowers embellish the First Baptist and First Congregational churches, where sectional meetings and receptions are held.

The Emanuel Baptist Church is used for registration and is a busy place. The delegates are entertained with room and breakfast in homes in the city, dinner and supper being provided by the Ebell Club and the various eating places in town.

Thursday Morning Session

Standing room was at a premium at convention church this morning to hear the excellent program.

After the singing and prayer Prof. John G. Hill gave the second of his bible lectures. His theme was "Israel at Her Altars." This was an erudite exposition of the religion of Israel. He explained the nature of early Hebrew worship, middle and late Hebrew worship and the significance of all worship. The speaker illustrated his points with the blackboard and chart.

Miss Meme Brockway continued her vivid and interesting talk on "Story Telling," taking up "The Events and the Climax." She urged all teachers to write out the steps of the lesson to be taught. Among other things she said were: "For children under nine years of age it is useless to dwell upon time, geography and chronology. With little children expand your story to strengthen it. Imagination is the most divine power of the mind. Use dialogue as often as possible in the intermediate work and keep up the blackboard work even in the senior classes. Don't explain too much, it gets tiresome. Work up to your climax, but as soon as you present it, stop as soon as possible." The general secretary, Mr. Hugh C. Gibson, made his report at this time. It was vital with encouraging statistics.

Life Membership Plan

Every one may become a life member of the Sunday School Association by paying \$100 in four annual installments of \$25 each. The Association is entirely out of debt and \$6900 was disbursed during the past year. 3530 Sunday school pupils have been converted. Mr. Gibson has been in this work for six years and the progress of the work has been wonderful.

Rev. Chas. Secombe stated that after conferring with Mr. Gibson, the committee had accepted his resignation and offered a resolution expressing approval of Mr. Gibson's work and wishing him Godspeed in his future work. This resolution was adopted by a rising vote of the entire convention.

Mr. Chas. R. Fisher, general secretary of the Northern California Association addressed the convention in a few stirring words.

From 11 to 12 the convention divided for sectional conferences. At

convention church a session was held for adult bible class workers, pastors and superintendents. The speaker was Marion Lawrence.

The Teacher-Training conference was held in the Sunday School room of the First Presbyterian church. Rev. Chas. H. Secombe spoke on "How to Organize and Conduct the Class." Rev. W. F. Harper of Pomona spoke of "The Scope of the Task," and Rev. F. M. Rogers of Long Beach told "Who Should be Trained." The Temperance conference was held in the First Baptist church, the speakers being Hon. John Topham, Rev. Chas. H. Secombe, Mrs. Anna A. Hill and Mrs. J. H. Scott.

The Elementary Grades conference divided into three departments at the First Congregational church. The Beginners' department was in charge of Mrs. Emma Pussle of Pasadena; the Primary department, in charge of Miss Frances Strang of Riverside, and the Junior department was presided over by Mrs. A. H. Karper of San Diego. The Intermediate conference with Mrs. Barton Dozier of Los Angeles as leader met in the First Presbyterian church. Rev. F. G. H. Stevens of Pasadena taught the lesson here. The Home department conference met in the Sunday school room of the First Baptist church and was addressed by Chas. R. Fisher, Herbert J. Weaver, Mrs. W. Tattersall and Mrs. Grace H. Miller of Los Angeles.

At the Methodist Church

Marion Lawrence spoke first of the organized class in the Sunday school. He said: "The unorganized class is my class, the organized class is our class. The organized class has divided Sunday schools into two classes, as automobiles have done, into just two classes, the quick and the dead. Organize for a definite purpose—try to beat yourselves. Organized classes develop leaders. Another purpose is to get methods. The results are seen in the church and in the enthusiasm for the work. The benefits to the members of the organized classes are manifold.

"Organized men's classes can drive the saloons out of any town." The executive committee next made a report recommending the adoption of a new constitution which was read and adopted.

The Business Men's Meeting at Spurgeon's Hall was called off on account of the convention having a surplus of work to be done.

Wednesday Afternoon Session

Convention church was crowded to its full capacity for the afternoon session. Many subjects of interest were discussed, Miss Meme Brockway speaking on "The Model Union." The most inspiring feature of the afternoon was a talk by Bishop Bell who spoke on the subject, "Talent, Training, Inspiration." Bishop Bell rose to the height of oratory and carried the convention with him.

A pleasant part of the afternoon was the reception at the Congregational church, an account of which is given elsewhere.

Wednesday Night Session

Both churches had full attendance and splendid programs last night. The address of welcome on behalf of Santa Ana was given at the First Methodist church by J. Wiley Harris, and at the First Presbyterian church by Judge Z. B. West.

In behalf of the churches and Sunday schools of Santa Ana and Orange county, Rev. Geo. Husser spoke words of welcome at the first named church, and Rev. Chas. H. Secombe at the First Presbyterian church. In response to the words of welcome, President Cronmiller addressed the convention church and Mr. Malone of Ontario spoke in happy vein at the second meeting. At both churches the same speakers were on the program. Marion Lawrence, the silver-tongued secretary, delighted both audiences with his words of wit and wisdom. He spoke along the line of the importance of the Sunday School and of its forward movement. He said: "A good delegate gets all he can, but doesn't can all he gets. The Sunday school is a sleeping giant, lying right at the very threshold of the church. We are

growing at the rate of 200 new Sunday schools every Sunday. I feel like I am tied to the heels of an express train and am thankful the train is going in the right direction."

Bishop Bell spoke on "The Sunday School Worker and His Tools." He said: "The first factor to look after is your man—then his tools. Not more of us, but better of us must be and is the cry of the twentieth century."

W. N. Hartshorn of Boston, chairman of the executive committee of the International Sunday School Association proved to be a very interesting speaker as well as a man of great executive ability. He said: "I am nothing but a business man, so I am sandwiched in between a bishop and a silver-tongued secretary." He invited all to attend the International convention to be held in San Francisco next June.

C. R. Fisher, the general secretary of the Northern association spoke with force of the efficiency of the Sunday school determining the future of the nation. Both sessions closed with music and the benediction.

FALL MEETING OF CONVOCAION WILL BE HELD AT ORANGE

Orange News: The fall meeting of the Episcopal Convocation of Los Angeles will be held in Trinity church, Orange, next week. Bishop Johnson and about twenty clergymen will be present. The object of the convoca-

tion is the discussion of the general interests of the church within certain local geographical limits and to bring these interests to the knowledge of the laity.

The opening service will take place on Wednesday evening and will be conducted specially by the Bishop, who will give an account of the general convention recently held at Cincinnati. Other delegates to that convention will also give their impression of it. The full program of the convocation has not yet been prepared, but the closing service will be on Thursday evening, at which rousing missionary addresses will be made by some of the ablest clergymen and laymen of the diocese. Invitation to attend all services will be extended to the public.

WHALE HUNT NOVELTY
SOUTHERN CALIFORNIA

LONG BEACH, Nov. 10.—The first step in the long-planned whale hunt off the coast of Southern California was taken this morning when the launch Camiguin, in charge of Captain J. D. Loop, accompanied by Captain A. H. Mason, an old-time whale hunter, sailed out to sea in a south-westerly direction. The vessel was provided with a harpoon gun and brass cannon and a revolving reel.

While many enthusiasts had re-

quested permission to accompany the expedition, none were taken, as it is the intention merely to locate the whales and to return tomorrow to capture them. The brass cannon on board shoots an explosive shell and the reel will accommodate 1000 feet of harpoon line.

Reports have been recently received by Captain Loop from fishermen that large schools of whales have been seen among the islands to the south and the promoters are confident that besides furnishing a new amusement for the winter visitors, the expedition

will prove a financial success.

**CALIFORNIA GARDEN
LAND TO BE TESTED**

SAWTELLE, Nov. 10.—Tests on how much a California acre of garden land can be made to produce in one year are being made here by J. L. Edmonds, colored, one of the most successful soil tillers in the state. He has rented, on shares, five acres to a group of Japanese gardeners, who will do most of the manual labor.

Onions, carrots, beets and other

vegetables are being planted much closer than usual. The Japanese will weed and hoe by hand. Diligence will be exercised to keep the soil in as near perfect growing condition as possible.

It is estimated that not far from \$800 worth of onions can be produced on one acre by this method, and as soon as the crop is pulled the ground will be plowed and harrowed at once for another.

It is hoped to make each acre yield something more than \$1000 as the gross proceeds.

SEC. DICKINSON IS TO VISIT PANAMA

Will Probe Fortification Plan— Panama Will Donate Lands For Forts

WASHINGTON, Nov. 10.—The President has asked Secretary of War Dickinson to visit the canal zone in December. This action is taken to emphasize the importance of the mission of the President himself. Before leaving the President had discussed with the Secretary the various questions arising out of the necessity for efficient fortifications and the placing of troops and barracks all along the waterway.

Panama proposes to donate certain territory for the construction of fortresses, to include an island which controls the entrance of Panama Bay and on which it is understood General Murray, chief of the Coast Artillery, proposes to place the heavy guns. The aggregate cost of fortification and housing of troops will be about \$15,000,000. The President and Secretary Dickinson will both urge liberal advance appropriations.

BRIDGE LINK IN SAN DIEGO'S ROAD SYSTEM

OCEANSIDE, Nov. 10.—The first arch beam of reinforced concrete for the 600-foot bridge over the San Luis Rey River at Oceanside, was placed in position yesterday and was an event of interest to the people of this locality. Each beam is fifty-seven feet long, forty-two inches wide and sixteen inches deep, and weighs twenty tons. There are four beams to each of the six spans. They are made upon the ground and hoisted by a huge derrick and crane. Sixty men are at work upon the bridge, which is being installed for the County Highway Commission.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio.

LOS ANGELES PRODUCE MARKET

The last car of walnuts grown in Southern California will leave tomorrow for the East, making a total of 834 cars shipped—just about a hundred short of last year. Prices this year, on that account, were practically 3½ cents higher than those existing last year. The demand has been excellent and the nuts have continued of very fine quality right along. There have been very few reports of poor stock. One of the reasons also for the lighter shipments out is the heavier demand for the nuts right at home. The local trade took twenty-five more cars this year than last, and these nuts are being distributed as rapidly as possible among the retail traders. Almond receipts here are of good size. The prices on all nuts have been very firm during the week, and at present the demand is the best of the year.

The egg market was exceedingly firm. There were a number of small sales at 46 cents on case count, 1 cent above the prevailing quotations. The demand for storage stock was good. For once the retail dealers are labeling their eggs properly and there have been very few cases of improper branding reported. The consumer is beginning to realize that the storage egg is not such a bad commodity after all. Arrivals of eggs were only 72 cases.

The demand for butter was of very normal proportions. Receipts were only 14,996 pounds. The New York market was reported at 32 cents.

Edam cheese was one of the good trading varieties of yesterday morning. Other good sellers were Eastern twins, Longhorns and Daisy, as well as northern fresh, all at unchanged prices. Receipts of cheese were 2253 pounds.

Potato arrivals were 2485 sacks. A good call for spuds was noticeable and the price on Highlands was advanced to \$1.35 on average basis.

There was no arrival of bean reported and the offerings were good. Pinks, small white and black eye were the varieties in best call. Onion receipts were not reported. With the

Lighter arrivals of the past week prevalent, the market on Yellow Danver, Australian Brown and other varieties advanced to \$1.75 on wholesale quotations.

Sweet potatoes were down to an average of \$1.35 per hundred. Receipts of sweets were 376 sacks.

Apple receipts were 7210 boxes. Langford seedlings have been an important item of trade in this line during the week. Bellefleurs are moving well, and there is a brace in quotations on them.

Fish arrivals were of good size. Kingfish and sand dabs were the small varieties obtainable. Cockles and clams were shellfish that were in good supply and sold well.

MANGLED BY FREIGHT TRAIN

Baker Looking for Work Fatal-
ly Injured at Orange Yes-
terday Morning

Orange Post: As the 9:55 train from Los Angeles came into Orange Wednesday morning, a frightful accident occurred in which a man of about 50 years of age was mangled under the wheels of a backing freight train. The man is supposed to be B. F. Baker, a baker, of 416 Main street, Los Angeles. He was walking north on the Santa Fe track and met passenger train No. 71 coming in and stepped to the other track in front of the backing freight, which knocked him down, cutting off the left hand at the wrist, the right arm near the shoulder, and the left foot at the ankle, besides many bruises and lacerations about the head.

He was put on a stretcher and carried to the depot by the crew of the freight train and citizens who had gathered at the place of the accident.

The man did not lose consciousness and showed signs of great suffering. When at the depot he gave his name as Frank Baker, Los Angeles. Dr. Chapline soon arrived on the scene and administered an anaesthetic to relieve the sufferer. Dr. Nichols arrived later and it was decided to send the man to the Santa Ana hospital.

The man bore the appearance of being a tourist. His clothing was an ordinary black cloth, black shoes and black derby hat. He carried an imitation alligator grip, and wore a gold watch in which was engraved the name "C. F. Hess." He was slightly bald headed and wore a sandy mustache.

Wednesday morning a man tallying with this description pawned a watch fob with F. M. Bennett for a dollar, giving his name and address as "B. F. Baker, 416 Main, Los." which he wrote on a card. He said he came here looking for work as a baker, and was "broke" and wanted to borrow a dollar to get back to Los Angeles.

On Monday a baker applied for work at the Hub bakery, who tallied with the above description, and said his name was Wiley; he was going to Santa Ana. This man also carried a grip.

At a late hour yesterday word from the Santa Ana hospital stated that Baker was still alive, but there was no hopes entertained for his recovery.

TORPEDO ROADSTER IS
FIRST IN THE COUNTY

Dr. F. M. Bruner has bought a handsome 1911 Overland torpedo roadster, the first of its style in this county.

Dr. Bruner and G. L. Martin, agent for the Overland, brought the car down from Los Angeles yesterday. Today the machine was on the streets, and attracted much attention and favorable comment. It's a nobby car, and no doubt about it.

To the Voters and Taxpayers of Orange County

I have been informed that I have been elected supervisor by the majority of the voters of the Fifth Supervisorial district. I take this early opportunity of expressing my thanks for the support I received at the hands of my many Democratic friends; and there will ever be a warm place in my heart for the many Republican friends that so loyally stood by me and gave me their hearty support.

Realizing as I do the responsibility that is resting upon me and believing as I do that there is an All Seeing Eye that can search out and reveal the inner man better than the public can the outer, let us lay aside all selfish motives and personal gains and work together for the benefit and best interests of all.

Yours respectfully,
JASPER LECK.

BADLY HURT IN RUNAWAY

West Orange Rancher Pitched
From High Seat of His
Wagon

Theo. Ford of West Orange was badly injured in a runaway on East Fourth street yesterday afternoon. He was thrown from a wagon, and the fall resulted in breaking bones in both arms and in smashing his nose.

The rancher had delivered a load of walnuts in Santa Ana. His team became frightened at a number of people walking along the street. Ford was thrown from the high seat of the wagon onto the horses, and fell from them to the sidewalk, where he landed on his hands, breaking one wrist.

Thanksgiving a la Kitchenette
Let me tell you how a girl—a business girl—who lives in a "one-room apartment" solved the turkey dinner question last holiday time.

She had been entertained time and again by her friends in their homes, and while she had reciprocated by restaurant luncheons and dinners which they who were tired of home meals declared to be "just fine," she wished very much to invite to dine at her own little apartment five of her most intimate friends, and she determined to have a turkey dinner. She had been planning for a "fireless" for some time, but extra expenses precluded its attainment, so she was obliged to content herself with her two-burner gas plate and its accompanying small oven. She "went into partnership" with another girl who also wished to give a turkey dinner for Thanksgiving, and they repaired to the butcher shop, where they excitedly selected the bird. Then they asked the butcher to cut the creature in two. Each took her half, and the dinner giving was well under way. But alas! Even the half would not go into the little oven! So, discouraged, the business girl cut the turkey as she knew how to cut up chicken for fricasee, and stewed it the day previous to the dinner party, and then an hour or so before dinner time placed it in the oven, with its rich gravy around it and beside it a well seasoned dressing, and roasted it to an excellent brown. She had planned the remainder of the meal so that all fitted well together and came out just right, and as the friends gathered around the dining table in the small living room they voted the business girl a first-class housekeeper and cook.
